Learn how to spot words and conduct which can harm your company's morale and productivity—and which can lead to serious legal liability. You will hear how properly worded policies and procedures can prevent unlawful harassment and encourage early complaints. Understand how to carry out effective harassment investigations and take prompt and appropriate remedial action. Learn the basics of handling an Equal Employment Opportunity Commission/Nevada Equal Rights Commission charge.

All programs are approved for HR Certification Institute and the Society for Human Resource Management re-certification credit. Attendees will receive proof-of-attendance certificates to confirm they have received relevant training. Businesses benefit from a trained workforce, which increases productivity and decreases a company's liability for litigation. For more information on this event and how to register, visit the Fisher & Phillips LLP registration [website](#).
